| **BATABATA-CHA TEA** | ●● (Contains Soy)

Batabata-cha is a healthy tea that has been enjoyed by the people of Itoigawa for generations. It is made with 5 ingredients (Chamaecrista nomame, roasted soybean, tea flower, roasted barley and roasted tea leaves). It is prepared by boiling, then pouring it into a tea bowl with a pinch of salt, it is then whipped with a bamboo whisk to create a creamy foam. The “batabata” sound of the whisk gives this fragrant tea its name. Limited quantity.

| **APRICOT TEA** | ●

Black tea with the gentle and sweet scent of apricot.

| **Rooibos Tea** | ●
